Application as follows:

Specification:

Page 3, line 1, delete [13 is the automatically controlled door and].

Claims:

Claim 1, rewrite as claim 1 (amended) as follows:

!. (amended) A method for processing waste material to produce fuel or other useful substances without polluting the air comprising the steps of:

- a Introducing waste material into a storage chamber which allows the liquid to drain into a tank,
- b. Moving the waste to a condenser where it is burned with a gas that enters
